

How to log into your CurlOn account...

If you are having trouble remembering how to log back into CurlON to update your profiles, update your availability to spare, or see the standings, here is a link for you to use and from there you can follow the instructions below to get signed in.

1. Start by clicking this link...

<https://carleton-heights.curling.io/en/leagues>

2. then follow these steps (A-F) from CurlON...

- A. Click the Login link in the top right of this screen. If you don't see a "Login" link, then you're probably already logged in, and can skip the rest of these instructions and go to "Step 3, Accessing your league information".
- B. You should now see a screen giving you two options: Send me a Login Link and Login with Gmail.
- C. If you use Gmail then the fastest way to login is simply selecting the red Login with Gmail button and you'll be logged in, and can skip the rest of these instructions.
- D. If you don't have a Gmail then you'll need to enter your email address and select the Send me a Login Link button.
- E. We will immediately send you an email containing a link that you can click which automatically logs you in.
- F. If for some reason you can't click the link, (maybe you sent it to your phone but are using a computer), you can instead copy the "Token" from the email and paste it into the "Token" field back in Curling I/O.

3. Accessing your league information...

- A. In the upper right hand corner of your screen, you will see the word "Account". Click on the word "Account" and a drop down menu will appear. Click on "My Leagues".
- B. This will now display the list of leagues that you are registered for. You should see the "Day Ladies 2021-2022" listed and in a red font.
- C. Click the "Day Ladies 2021-2022"
- D. You will be brought to a new screen with several tabs, in a red font, that you can select.
- E. You can select any of the tabs.
- F. You can select "Spares" to get information on Spares.
- G. For Thursday Fixed curling, you can also see the schedule, and the standings which are updated weekly.
