

Women's Rec

The women's recreational league is back to using four sheets of ice after the lull caused by COVID-19. With 34 members, we've formed nine teams and play round-robin games. After nine weeks, teams are reshuffled and a new round robin begins, giving everyone a chance to play with different teammates.

The league is non-competitive and all about having fun. Twice a year, we get together for a social dinner. At Christmas, we met at Montana's and enjoyed a White Elephant gift exchange. At the end of the season, we host another dinner where we collect donations for the local food bank and raise money for a selected charity through one of our fun gift exchanges—an event started by a member many years ago and now a cherished tradition.
